

# Expressive Reading Cards

Our expressive reading cards teach children to read with emotion! Simply cut apart the word cards. Place the cards in a bag. Have students take turns drawing a card out of the bag and reading one of the following sentences with that emotion:

- Did you really mean it?
- I can't wait to go back to school!
- What's behind that door?
- The caterpillar ate through all the leaves.
- Where should we plant these flowers?

For additional practice, have students repeat the activity with a familiar poem or passage from a text that you are currently reading in your classroom.

happy

sad

angry

nervous

excited

scared

**bored**

**annoyed**

**worried**

**disappointed**
