

Learning Science

Activity Tub: Electricity

Grades 4-6

Time to Teach

- Direct Instruction
- Modelled
- Shared

Product Components:

- Activity guide
- Chart
- Electricity experiments
- Parts of an atom
- Vocabulary dictionary
- Science log sheet
- Venn diagram
- Electricity quiz
- Electricity assessment
- Reading for meaning
- Vocabulary development
- Analyze
- Synthesize
- Predict/infer

Learning Science

Activity Tub: Electricity

Grades 4-6

Time to Share

- Partner
- Small Group
- Whole Class

Possible Focus Questions...

- What new learning have you had about electricity?
- How was your understanding of electricity confirmed?
- What do you still want to learn about electricity?

Learning Science

Activity Tub: Electricity

Grades 4-6

Time to Practise

- Small Group Work • Independent Practice

Practise:

- Chart
- Electricity experiments:
 - Static electricity
 - Electric flow
 - Circuits
 - Magnetic fields
- Vocabulary development
- Reading for meaning
- Analyze
- Synthesize
- Predict/infer
