2 | Chairs Overview

For 2012, **WINTERGREEN** offers 10 distinct lines of seating, including the Smith System Flavors™ line. Each of these eight lines offers even more choices: colours, finishes, accessories and other variations. Which is right for your students, school and educators? It's an easy decision if you start with the following insights.

Smith System Plato™ Chair

Plato Seating allows the student to comfortably face front and both sides. The seatback offers some flex front-to-back and offers pronounced lumbar support, encouraging good posture and breathing on the part of the student. Its fresh, yet familiar shape connotes comfort to the student. More photos and information plus colour options on pg. 18.

Smith System Flavors™ Chair

Its biggest design influences are the needs presented by an active classroom. Students are encouraged to move and to work with classmates on either side and behind. Accordingly, the Flavors Chair is designed to be a true 360° chair. The chair has a bit of flex, shown by scientific studies to help the student focus on information being presented. More photos and information plus colour options on pg. 6.

Choosing Chairs & Tables

Remember...the space between your chair's seat & the tabletop should be between 6" and 10".

Ages	Chair Heights in Inches	Table Heights in Inches
Age 2	7-1/2 to 9-1/2	14 to 19
Ages 3-4	9-1/2 to 11-1/2	19 to 22
Kindergarten	11-1/2 to 13-1/2	22 to 24
Grades 1-2	13-1/2 to 15-1/2	24 to 27
Grades 3-5	15-1/2 to 17-1/2	27 to 29
Grades 6 & Up	17-1/2 & up	29 & up

Smith System UXL™ Chair

An immediate success in secondary and postsecondary institutions, this chair offers so many options, it's like custom seating. It's part of our comprehensive UXL line of furniture. More photos and information plus colour options on pg. 22.

Smith System Plato™ Chair

Plato Seating offers enhanced lumbar support, raised higher on the seatback to promote more upright posture and better breathing. More photos and information plus colour options on pg. 18.

Smith System Intuit™ Chair

The inviting, contemporary and comfortable Intuit Chair, with distinctive shape and iconic grip is winning over more and more schools. Scaled to accommodate students from pre-K through Adult. More photos and information plus colour options on pg. 10.

Smith System Viking™ Chair

This classically designed hard-plastic stacking chair offers educators the triple benefit of durability and easy care. It also offers a number of options of colours and finishes. More photos and information plus colour options on pg. 21.

Smith System Brilliant™ Chair

A perennial favourite because it's proven to do many things well: help students maintain their focus, provide a long service life. More photos and information plus colour options on pg. 20.

Smith System Husky™ Chair

This design proved to be so popular, we couldn't confine it to pre-K classrooms. Husky Chairs, with the colourful plastic glides, are scaled to students up to grade 12. More photos and information plus colour options on pg. 12.

Smith System Astute™ Chair

It passes what may be the school's most important test: the test of time. Its durability and value are legendary. Its design encourages good posture and attention for the student. More photos and information plus colour options on pg. 16.

Smith System Circusline™ Chair

Whether vibrant or subdued, the matching colours of shells and legs allow Circusline Chairs to transmit energy to the classroom. Ergonomic, practical, durable and scalable for pre-K through grade 12 students. More photos and information plus colour options on pg. 14.

4 | Tables & Desks Overview

Optimizing a classroom environment begins with matching the student tables & desks to the curriculum and space. To make your task simpler, **WINTERGREEN** offers a line of tables & desks that complements curricula and design schemes of all kinds. Pair it with our seating to create a colourful, collaborative learning environment.

Smith System Interchange™ Open Front Desk

The Interchange line brings innovation to open front desks with four new styles. Two styles, the Interchange Open Front Wing Desk and Interchange Diamond Desk, can be used for collaborative learning or in traditional classrooms. If an expansive workspace is needed, choose either the Interchange Open Front Desk or the Interchange Two-Student Open Front Desk. More photos and information on pg. 44.

Choosing Chairs & Tables

Remember...the space between your chair's seat & the tabletop should be between 6" and 10".

Ages	Chair Heights in Inches	Table Heights in Inches
Age 2	7-1/2 to 9-1/2	14 to 19
Ages 3-4	9-1/2 to 11-1/2	19 to 22
Kindergarten	11-1/2 to 13-1/2	22 to 24
Grades 1-2	13-1/2 to 15-1/2	24 to 27
Grades 3-5	15-1/2 to 17-1/2	27 to 29
Grades 6 & Up	17-1/2 & up	29 & up

Each Table and Desk top consists of:

- 1-1/4" high-pressure laminate
- 3/8" Bumper T-Mold

Smith System Activity™ Tables

The nine shapes – from basic rounds and rectangles to clovers and horseshoes – in this line were inspired by actual needs of teachers and students in the classroom. More photos and information on pg. 30.

Smith System Interchange™ Tables

Their distinctive leg sets (free of braces that can pinch fingers) allow these tables to complement Interchange™ Desks. More photos and information on pg. 34.

Smith System Husky™ Tables

Husky tables are made with special consideration for young learners. More photos and information on pg. 32.

Smith System Planner™ Desks

For strength and stability, this is your top choice in classrooms and computer labs. More photos and information on pg. 42.

Smith System Elemental™ Desks

No line of desks at any price offers more flexibility in choosing and combining colours and finishes. The line has another exclusive feature: durability. More photos and information on pg. 38.

Smith System Silhouette™ Desks

A timeless design for traditional classrooms, with ample work space, stability and easy access, in and out, for students. More photos and information on pg. 40.

Contemporary In Appearance And Function.

It wasn't just current fashion that shaped the new Flavors Seating. It was also influenced by the demands of the active classroom: Students today don't always face the front, so the Flavors Chair offers comfort to the student facing back or front, left or right. Similarly, the back of the Flavors Chair offers just the right amount of flex to allow the student to move and adjust their posture, which promotes better concentration.

- The shell rests on the frame, not rivets, to add comfort.
- High-density polypropylene with colour throughout the shell.
- Durable glides with non-staining nylon bases come standard, or choose optional felt glides.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.

Sturdy Stacking Chairs.

Here's a solid proven look and feel for educational seating. The oval opening on the back shell provides ventilation while relieving pressure on the lower back. High-density polypropylene holds colour throughout the material, and better yet, both the shell and frame are recyclable.

- **Narrow top allows shoulders to move freely.**
- **No-show rivets won't catch hair and clothing.**
- **Waterfall front edge allows transition for legs and no pressure points.**
- **Compound contour encourages proper posture.**
- **Husky legs are 1-1/2" diameter, 18-gauge steel tubing.**

It All Starts Here.

A glance at our new UXL Stacking Chair is sure to reveal its generous proportions that comfortably accommodate adults and young adults. What you may not see so readily are the subtle features that make the UXL Stacking Chair one of the most exciting ideas in seating we've ever offered – features like the specially notched glides that both protect the legs from scraping and hold the chairs securely when stacked.

Another exciting idea is the UXL Stacking Chair's versatility. It allows you to customize the chair so many ways. First, with your choice of either Fabric or Polypropylene seats. Next, colours: You choose from a diverse palette – and you can choose the same or different colours for the seat and seat back. Finally, customize the functionality with book baskets, arms and linking devices.

The UXL Stacking Chair complements the entire line of UXL furnishings, including desks and tables. This allows you to create a unified design scheme.

UXL Stacking Chairs can be ganged together with a Long Ganging Device (SM70861) that has a display card allowing a seat number and row to be indicated.

Arms.

Versatility To Go And Stow.

Created to comfortably accommodate adults and young adults, the UXL Nest & Fold Chair offers two additional functionalities. One: it is highly mobile thanks to smooth rolling casters, and because the chairs nest together, large numbers can be easily transported from one room to the next. Two: compact storage thanks to their nesting ability.

UXL Nest & Fold Chairs have upholstered seats. Seats and backs come in a diverse palette of colours – and you can choose the same or different colours for the seat and back. For added comfort, arms are available.

UXL Nest & Fold Chairs complement the entire line of UXL furnishings, including desks and tables. This allows you to create a unified design scheme throughout the facility.

36 | Smith System Flavors™ Combo Desk

Flavors Combo Desk SM11835

Shown in Pewter Mesh top with Persian Blue edge and seat. Chrome frame is standard on all Flavors Combo Desks.

The Combo Desk Reinterpreted.

When the curriculum centres on lectures, individual work and testing, the new Flavors Combo Desk must be considered. For that kind of environment, where student concentration is crucial, the advanced ergonomics of the Flavors Chair can contribute improved achievement and success. For design harmony, the edge molding or band can be coordinated with the colour of the chair.

- Choose high-pressure laminate or hard plastic top.
- The shell rests on the frame, not rivets, to add comfort.
- High-density polypropylene with colour throughout the shell.
- Durable glides with non-staining nylon bases.
- The chrome-plated frame is strong, 18-gauge welded steel.

Cooperative Learning Version 2.0.

The design of the Interchange Diamond Desks allows students to be grouped in space-efficient clusters of up to six. This flexibility makes them applicable in the widest variety of curricula and helps "futureproof" the classroom. Their innovations include a student-friendly leg design that eliminates leg braces that can pinch fingers.

- Durable desktop 1-1/4" thickness, with a high-pressure laminate surface.
- Edge moldings resist wear.
- Rugged powdercoat surface on legs resists wear.
- Chrome-plated lower legs of 16-gauge steel resist scuffing.
- Sock-style glide caps add protection.
- 1" adjustable leveling glides provide stability on uneven floors.
- Adjustable desk height, from 21"-30" in 1" increments. Only three (not four) legs to adjust on Single-Student Diamond Desk.

Our library equipment is designed to make even the smallest patrons comfortable and welcome. That's why our libraries don't have tall circulation desks that could intimidate the smallest users. By attention to details like these, we help make the library an inviting and favourite destination for students of all ages.

Booktrucks

We've taken great steps to offer the widest range of booktrucks available. We offer such a broad spectrum of colours, you can colour code your booktrucks, to match your furniture. More photos and information on pg. 54.

Computer Stations

Our ADA Computer Desk is designed to enable students of all abilities to take part in computer learning. More photos and information plus colour options on pg. 62.

Carrels

Modular for unlimited expandability, our library carrel is available with work surfaces that can be set at 28" high to serve as a desk/workstation or at 36" high to serve as a kiosk for patron usage. More photos and information on pg. 57.

Circulation Stations

Our elementary school library stations offer elementary school students a comfortable height for checking out and returning books. More photos and information on pg. 64.

Designed Especially For Elementary School Libraries.

Our elementary school library desk offers elementary school students a comfortable height for checking out and returning books. It offers the library staff a wide range of functionality because it can be customized with a number of options, from casters to transaction shelves to CPU holders. Finally, it offers librarians and architects many design options because its different shapes can be combined in a number of ways.

- **Sturdy 1-1/4" desktop with a high-pressure laminate surface above and durable backing sheet below.**
- **Rugged powdercoat finish protects the legs and steel surface.**
- **Cable tray and port holes in the modesty panel keep wires neatly organized.**
- **Strong 10" deep double-wall legs are 18-gauge steel with radius corners.**
