Sale \$59.00

PlasmaCar. PlasmaCar is built to last! Made from high-quality ABS plastic; it's rugged and durable for kids on the go. Simply turn the steering wheel from left to right, and you're off to the races! That's it. No pedals, no gears, and no batteries! To propel the PlasmaCar, you rotate the steering wheel continuously from left to right. It also works in reverse. The PlasmaCar can go an exhilarating but kid-safe 2.8 metres per second; that's over 10 km/h. Specify red or blue.

WSP2013 \$67.95

All Sale Prices Include Shipping & Handling!

Light Table. Encourage young minds to discover light, reflections and colour in a whole new way! Your students will be delighted as they place shaped objects on the acrylic surface and see the light shine through. The sturdy birch plywood base is built to last and will bring pleasure to your students for years to come. Table measures: 24"L x 24"W x 25"H. Approved for use in Canada by UL. GREENGUARD® Certified. Easy assembly.

WB0724 \$439.95

Sale \$289.00

Interlox.

Build, design and create with Interlox! No hardware or tools necessary; simply clip the edges together to create an unlimited array of constructions: buildings, people, robots, animals and more. Explore symmetry versus asymmetry, discover colour combinations, and strengthen design, structure, and balance skills. 96 translucent plastic panels feature inset shape details in five beautiful colours.

G16835 \$17.95

Sale \$14.00

Letter Construction Activity Set.

Snap together colour-coded pieces to help children build letters as well as their fine motor skills. Build uppercase and lowercase letters, practice letter recognition and pre-handwriting too! Enough pieces for four students to simultaneously build the same letter — multiple ways to create each letter. Set includes activity cards with step-by-step directions.
