

GATHER TABLE

Description

Gather - Table - Crescent Curve - Tripod Leg in Fusion Maple

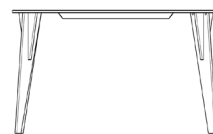

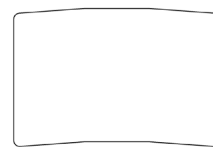

This large, slightly curved standing height Gather Table comes with fixed tripod legs for learning environments that do not require adjustable height surfaces.

The 42" standing height version offers older students or adults choice in how they learn best and are ideal for those who benefit from having greater freedom of movement to increase their focus and engagement.

Our Gather Tables are also available in leg heights: 26", 29", 36" suitable for all learning environments and age groups.

Product features

- Edges all smoothed and finished
- Available in 4 Leg Heights: 26", 29", 36", 42"
- Highly functional and stable
- Tables can be grouped together easily
