

GATHER TABLE

Description

Gather - Table - Crescent Curve - Tripod Leg in Fusion Maple

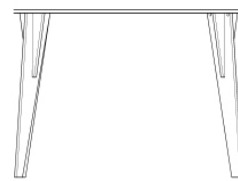

This crescent curve, rectangular, standing height **Gather Table** comes with a fixed tripod leg for learning environments that do not require adjustable height surfaces, and has a beautiful fusion maple table top.

The **42" standing height** version offers older students or adults choice in how they learn best and are ideal for those who benefit from having greater freedom of movement to increase their focus and engagement.

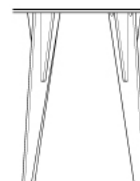

Our **Gather Tables** are also available in leg heights: 26", 29", 36" suitable for all learning environments and age groups.

Product features

- Edges all smoothed and finished
- Available in 4 Leg Heights: 26", 29", 36", 42"
- Highly functional and stable
