

### Description

The Guide Educators Desk features a two level work surface. Four locking castors provide mobility, while the three open shelves provide storage for learning materials. A drawer and filing cabinet offer additional storage for personal items.

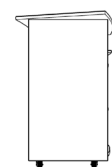

Our wide range of Guide Educator Desks and Filing Cabinets are designed with flexibility in mind to meet the needs of busy educators. Offered in different shapes and heights with a variety of storage features to suit the individual needs of educators or the subjects taught.

### Product features
