

SHARE BENCH WITH BACK

Description

Our **SHARE BENCHES**, designed with the same organically curved profile and finger-friendly edges as our REACH tables, are the perfect compliment to your Natural Pod learning environment. Available in a variety of heights and lengths, the SHARE Bench can easily integrate with existing furniture and accommodate learners of all ages.

More than just a place to sit, benches offer flexibility to a space. Durable to withstand everyday use, yet light enough for educators and children to move them about the space, benches can be used as a shelf, book stand, balance beam, or flip them on their side to create a new play space. What creative uses can you come up with?

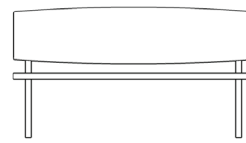

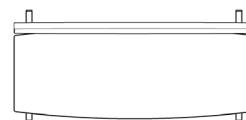

The **Share Bench with Back** is ideal for learners who benefit from back support. Available in the following lengths: **31", 44", 72"**

Product features

- Edges all smoothed and finished
- Foot glides
