

### WONDER LOFTS

#### Description

The Alana Loft is one of our more compact lofts, making it ideal for smaller and corner spaces. It has peek-a-boo windows, and a crawl space nook underneath; ideal for young learners to explore.

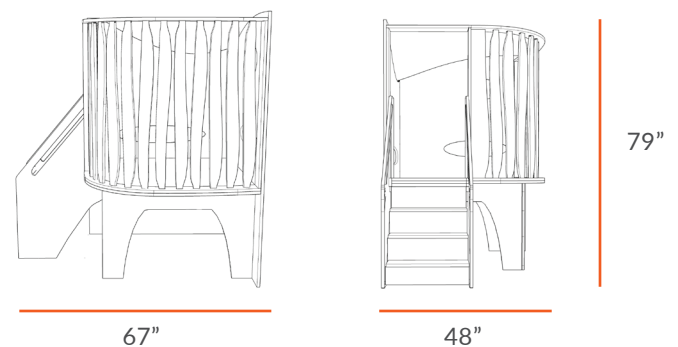

Natural Pod™ Play lofts were designed with the needs of learners in mind. They were intentionally designed to provide endless invitations for open-ended play where children can express themselves freely and let their imaginations transform the space into anything they wish; whether a fort, a castle, a reading nook, an enchanted forest, or perhaps a magical cave. Named after the educators whose own imaginations inspired them, each Natural Pod™ Play Loft is unique, beautiful, sustainable and extremely durable. They are designed to suit multiple space configurations and various stages of child development.
