WINTERGREEN DOLLS

Anatomically
correct dolls
with realistic
features!

**SCAN
TO SHOP**

These anatomically correct dolls are perfect for enhancing social emotional learning, social abilities and creativity within the early childhood environment. These beautiful dolls are made of a soft, lightly scented vinyl that is extremely resilient and flexible to help last through years of daily use. This wonderful collection of dolls supports raising children's awareness of diversity and inclusion, while promoting the values of equality and acceptance. Their heads, arms, and legs are jointed to provide them with movement for more realistic play. The dolls are handmade in Europe and meet all European and American safety standards and regulations. Dolls are washable.

Clothing is sold separately and is not included with dolls.
